Great idea, really liked the scan code to
access additional info!

Thank you for your feedback!!!

1	2	3	4	5
strongly disagree		neutral		strongly agree

3. The pictures and figures are helpful to illustrate concepts

1	2	3	4	5
strongly disagree		neutral		strongly agree

4. Comments/Recommendations:

① The mix of figures and text is good but some of the figures are small may consider enlarging figures and condensing text.

Thank you for your feedback!!!

② As a usual aid to presentation was clear. may need more description if you want it to also serve as a stand alone resource.
