RE: HRP Resident/Fellow GME & Employment Orientation

Dear Dr. Di Rocco:

Thank you for taking time from your busy day to share your presentation with us at Hawaii Residency Programs, Inc.'s Resident Orientation on June 27, 2014. We also recognize that it takes time to research and prepare your presentation.

Your presence and valuable comments send a very clear message to the new and returning residents: "Professionalism, commitment and good judgment matters. We are here to help you succeed, but you must do your part." We appreciate the way in which you personalized your presentation on sleep deprivation and fatigue. You made the topic relevant to the residents with real life scenarios in which they may one day find themselves.

Thank you again for the time and care you put into your presentation. We hope you will be available next year.

Sincerely,

Richard Philpott, JD, LLM
Chief Executive Officer and
General Counsel
