**WGEA 2014 Conference**  
**March 23-25, 2014**  
**Honolulu, HI**

Thank you again for presenting at the WGEA 2014 Conference. Below are the individual session evaluation for your workshop, and comments from the Conference Survey that pertain to your session. Mahalo for helping make our WGEA 2014 Conference a great success!

Sheri Fong, MD, PhD  
2014 WGEA Conference Chair

Individual Session Evaluation

**New Life-Saving Devices: The Tablet Computer Revolution**

Jennifer Di Rocco, Kyra Len, Peter Di Rocco, Cherise Saito, Justin Hino, Shilpa Patel

|                                                                                                                 | Strongly Disagree | Disagree | Neutral | Agree | Strongly Agree |
|-----------------------------------------------------------------------------------------------------------------|-------------------|----------|---------|-------|----------------|
| Provided objectives or guidelines at the beginning of the presentation and successfully met learning objectives | 0                 | 0        | 0       | 2     | 6              |
| Presented the content in a coherent, understandable manner                                                      | 0                 | 0        | 0       | 4     | 4              |
| Presented content that was appropriate for my level of knowledge                                                | 0                 | 0        | 0       | 4     | 4              |
| Presented a program that had practical value to my responsibilities in medical education                        | 0                 | 0        | 0       | 4     | 4              |

**Suggestions or comments:**

- o interesting concepts and maybe a bit ahead of my technology curve, but gave goals to attain.
